Scenario

Scott, 38, and Debra, 32, work hard to provide for themselves and their 3 children. They live in a family-friendly neighborhood with excellent schools and recreational opportunities.

They have 23 years remaining on a \$500,000 mortgage. It is important to them that if one were to die, the other would have funds to help pay the mortgage, and raise the family in their current home.

A Solution

With multiple term durations of term life insurance, Scott and Debra can match their life insurance to the remaining years on their home mortgage. They can each purchase a \$500,000 face amount policy for 23 years, only paying for the coverage they need.
