

Coastal Medical

Lifespan. Delivering health with care.®

WHY CHOOSE COASTAL MEDICAL?

Exceptional care for patients. Exceptional careers for professionals.

Coastal Medical, a member of the Lifespan health system, is a primary care organization of over 600 employees with a mission of providing better care and achieving better health for our patients at a lower cost.

The Coastal team includes approximately 90 physicians and 40 advanced practitioners, along with more than 500 support staff. Coastal's seasoned executive team consists of highly collaborative physician and business leaders who have a nationally recognized track record of success in an Accountable Care Organization model.

We invite you to learn more about Coastal Medical and join us on our mission!

Team-based Care. Timely Care. **Coastal Care.**

"Teamwork" takes on a whole new meaning at Coastal Medical.

As a member of our team, you will collaborate with physicians, advanced practitioners, nurse care managers, pharmacists, care navigators, medical assistants and practice managers with diverse backgrounds and a common goal of delivering high-quality care to patients when, where and how they need it.

The landscape of healthcare is constantly changing. Coastal is committed to building innovative, sustainable solutions that leverage new technology and improve the experience of patients and the well-being of our teams.

Coastal Medical has built the following centralized teams and services to support our practices:
