

# 4 Questions : Beyond *Ma Nishtana*

Your Passover Seder is a place to retell the story of the Jewish people. It is a great opportunity to hear and add our own stories. For each glass of wine you have during your Seder, ask each person at the table to answer these questions.

## **With the first glass:**

What about this year is different than last year?

## **With the second glass:**

What is a favorite or interesting memory for a Seder (or holiday) when you were my age?

## **With the third glass:**

What is a meaningful story your grandparents told you?

## **With the fourth glass:**

What part of the Seder is resonating the most with you this year?
