

PATIENT ENGAGEMENT

The goal of this course is for all Care Team Members to learn engagement tools/skills in order to have productive conversations with patients about their health including basic motivational interviewing skills.

The Care Team Member will build upon this foundation, to utilize patient engagement skills in different situations such as Medication Assisted Treatment, (MAT) and Palliative Care.

It is strongly recommended to take Introduction to Team Based Care before taking this course.

For additional details, please visit <https://micmt-cares.org/training/patient-engagement>

Successful Course Completion includes:

- Attendance at the entire course. If attending live virtual, you must have audio and see the live slides
