## Chapter 1: Income Assistance

### Work First New Jersey (WFNJ): Temporary Assistance for Needy Families (TANF) and General Assistance (GA)

New Jersey's public assistance program is called Work First New Jersey (WFNJ). The program for families is known as Temporary Assistance for Needy Families (TANF) and the program for single adults and couples without children, is known as General Assistance (GA). To be eligible for TANF, a family of three can have a gross monthly income of \$839. To be eligible for GA, a single adult can have a gross monthly income of \$278. WFNJ provides monthly cash assistance, short-term housing support, child care, employment and training services. You can pre-screen or apply online by visiting [www.NJHelps.org](http://www.NJHelps.org) or in person at your county board of social services. See Appendix 2.

### Supplemental Security Income (SSI)

Supplemental Security Income (SSI) is a federal program that provides monthly payments to certain people who have limited income and few resources. The basic monthly SSI payment for 2022 is the same nationwide. It is: \$841 for one person; or \$1,261 for an eligible individual with an eligible spouse, but not everyone gets the same amount. Where and with whom you live also makes a difference in the amount of your SSI payment. In New Jersey, SSI recipients also receive NJ FamilyCare (Medicaid).

**Eligibility:** US residents who are 65 or older & those of any age, including children, who are blind or who have disabilities may be eligible if they also meet income and resource guidelines. **To apply for an adult, please visit:** [www.socialsecurity.gov/applyforbenefits](http://www.socialsecurity.gov/applyforbenefits) or call Social Security to schedule an in-person or telephone appointment 1-800-772-1213.

**Eligibility for children** has different rules and is based on parental income. While a portion of the application for children can be completed online, you must schedule an in-person or telephone appointment to submit the full application for children. **For more information about benefits for children, please visit:** [www.ssa.gov/benefits/disability/apply-child.html](http://www.ssa.gov/benefits/disability/apply-child.html) or call 1-800-772-1213.

### Temporary Disability Insurance

Temporary Disability Insurance provides cash benefits to New Jersey workers who suffer an illness, injury, or other disability that prevents them from working and wasn't caused by their job. While most New Jersey workers who take family leave are covered under the State's family leave program, some employers provide Family Leave Insurance through a plan with a private insurance carrier instead. If you are not sure about your coverage, ask your employer. You can apply for Family Leave Insurance benefits online, by mail, or fax. **Applying online is fastest and easiest and can be done through a secure portal at: [myleavebenefits.nj.gov](http://myleavebenefits.nj.gov)**

### Low Income Home Energy Assistance Program (LIHEAP) and Universal Service Fund (USF)

LIHEAP helps pay for heating costs and certain medically-necessary cooling expenses and USF helps low-income households pay for their electric and natural gas costs. Applicants can qualify even if their heating and cooling costs are included in their rent. One application serves both programs. Typically applications for LIHEAP are accepted from October 1st through July 31st of each year. However, you can apply for USF any time of the year. Applicants for both programs must meet qualifying income guidelines. Income eligibility criteria for USF are lower than income eligibility criteria for LIHEAP. Eligibility for USF is also based on how much you pay for energy each year. You can apply at several agencies throughout the state. For more information or for a list of agencies where you can apply, **please call 1-800-510-3102** or visit: [www.state.nj.us/dca/divisions/dhcr/offices/agencydirectorylist.html](http://www.state.nj.us/dca/divisions/dhcr/offices/agencydirectorylist.html)

**Fresh Start:** Fresh Start, a special program under USF, allows eligible New Jersey households participating in USF for the first time to earn forgiveness for pre-existing arrearages by making full, on-time payments for 12 months. For more information **please call 1-866-240-1347**.

For more information, **please call 1-800-624-0241.**

For more information on eligibility and application call **1-800-652-2471** or visit: [www.state.nj.us/dobi/division\\_consumers/insurance/saip.htm](http://www.state.nj.us/dobi/division_consumers/insurance/saip.htm)

## Saving Money for Disability Related Expenses

### NJ Achieving a Better Life Experience (NJ ABLE)

With NJ ABLE, qualified individuals with disabilities can save for disability-related expenses in tax advantaged savings accounts without losing eligibility for certain assistance programs like Supplemental Security Income (SSI) and Medicaid. Allowable expenses are not limited to medical necessity and can include: education, housing, transportation, personal support services, and more. The individual with the disability is the account owner but anyone can contribute to the account. Income earned by the account is not taxed. Also, balances of \$100,000 or less are excluded from the SSI resource limit. If an individual's balance exceeds \$100,000, the SSI cash benefit will be suspended, but he/she will continue to be eligible for Medicaid regardless of the account balance.

#### Eligibility:

To be eligible, individuals must meet two requirements:

- 1) Their disability was present before age 26; and
- 2) One of the following is true:
  - ❖ They are eligible for SSI or SSDI because of a disability
  - ❖ They experience blindness as determined by the Social Security Act;
  - OR
  - ❖ They have a similarly severe disability with a written diagnosis from a licensed physician.

Apply online: [savewithable.com/nj/home.html](http://savewithable.com/nj/home.html)

Have questions? Call NJ ABLE at 1-888-609-8869 or email at: [nj.clientservice@savewithable.com](mailto:nj.clientservice@savewithable.com)

## Financial Assistance Programs

### Special Needs and Pooled Trust

Special Needs Trust (SNT) are legal entities which are established by placing funds and other assets under the control of a trustee for the financial protection of an individual with a disability. Until the ABLE Act became law, creating a SNT was the only legal way to save money without sacrificing eligibility for government benefits. There are three distinct types of Special Needs Trusts: third party/supplemental trusts, first party/pay-back or self-settled/d(4)(A) trusts, or pooled Special Needs Trusts. The funds in the special needs trust supplement but do not supplant government benefits.

Generally, Special Needs Trusts are easy to tailor to specific needs and can handle larger sums of money, for example, from a settlement. However, in New Jersey, a SNT must be established in accordance with specific Medicaid guidelines in order to preserve an individual's eligibility for benefits.

For more information, visit: [www.state.nj.us/humanservices/dmahs/clients/snt.html](http://www.state.nj.us/humanservices/dmahs/clients/snt.html)

### Qualified Income Trust

A Qualified Income Trust (QIT), also known as a Miller Trust, is a special legal arrangement for holding a person's income. A QIT is a written trust agreement for which the trustee establishes a dedicated bank account. The income deposited into this dedicated bank account is disregarded when determining financial eligibility for Long Term Services and Supports. QITs require that a trustee is appointed to manage the monthly deposits and expenses and account for the funds in the trust. A trustee must be someone other than the Medicaid applicant/recipient. QIT written agreements have special conditions that must be met and are subject to the approval of, and monitoring by, the appropriate Medicaid eligibility determining agency (EDA) and the Division of Medical Assistance and Health Services (DMAHS). For more information, visit: [www.state.nj.us/humanservices/dmahs/clients/mtrusts.html](http://www.state.nj.us/humanservices/dmahs/clients/mtrusts.html)

## Chapter 3: Housing and Homelessness Assistance

### Emergency Assistance (EA)

Supplemental Security Income (SSI) recipients and WorkFirstNJ clients (individuals or families receiving public assistance) facing immediate risks of homelessness and those who have experienced a substantial loss of housing, food, clothing or household furnishings due to a disaster may receive emergency assistance (EA) for a limited period of time. EA benefits may include, but are not limited to: essential food, clothing, shelter and household furnishings; temporary rental assistance or back rent or mortgage payments; utility payments (such as heat, water, and electric); transportation to search for housing; and moving expenses. **Contact your County Board of Social Services to request EA.** See Appendix 2 for a list of County Boards of Social Services.

### Social Services for the Homeless/Homeless Hotline

The Social Services for the Homeless program provides assistance to families and individuals who are homeless or at risk of becoming homeless, but are not eligible for WorkFirstNJ (usually because income is too high). The program provides emergency food, emergency shelter, and payment of security or utility deposits as well as back rent, mortgage and utilities costs. These services, also include referral services and limited case management.

New Jersey residents experiencing homelessness can call 2-1-1 for help. NJ 2-1-1 will work in partnership with county agencies to ensure residents have a safe place to stay and get connected to resources.

NJ 2-1-1 operators will be available 24 hours a day, 7 days a week and accessible in different languages for non-English speakers. Information provided by the callers will be kept confidential, except for information that must be shared with providers involved in providing shelter or shelter-related services.

## Housing and Homelessness Assistance

### **New Jersey Housing Resource Center (NJHRC)**

The New Jersey Housing Resource Center has an online tool that will allow you to search thousands of affordable, subsidized and market rate units throughout New Jersey. You can customize your search based on your specific needs, budget and desired location. The NJHRC is free, anonymous, and updated regularly. To access the NJHRC, go to: [nj.gov/njhrc/](http://nj.gov/njhrc/) or call 1-877-428-8844.

### **The Section 8 Housing Voucher Program and the State Rental Assistance Program (SRAP)**

Based on the premise that housing costs (rent and utilities) should not exceed 30 percent of a household's income, these programs assist in making safe and quality housing in the private rental market affordable to low and very low-income households by reducing housing costs through direct rent subsidy payments to landlords. There are waiting lists for these programs. To see if the waiting lists are accepting pre-applications, please visit the statewide open enrollment waiting list site at: [nj.gov/dca/vouchers.html](http://nj.gov/dca/vouchers.html)

### **DCAid**

The New Jersey Department of Community Affairs' (DCA) Division of Housing and Community Resources (DHCR) created a user-friendly eligibility screening tool designed to help New Jersey residents find available housing-related assistance programs through DCA for which they may qualify.

The eligibility screening process is a series of questions that takes approximately 1-2 minutes to complete. Users can find out if they are eligible for DCA services that provide assistance with rent, including the Section 8 Housing Choice Voucher Program and the State Rental Assistance Program, heating costs, utility bills, removal of lead hazards in the home, Veterans Affairs Supportive Housing (VASH), weatherization assistance, and homelessness prevention programs. The results, based on general income and household information entered, will provide the user with a brief description of eligible programs with contact information for the agency where the user can apply.

The **DCAid - Program Eligibility Screening Tool** can be accessed at: [www.nj.gov/dca/dcaid](http://www.nj.gov/dca/dcaid). Individuals in emergency situations should dial NJ 2-1-1 for information on immediate assistance.

### Supplemental Nutrition Assistance Program (NJ SNAP)

NJ SNAP is a food assistance program to help individuals and families with low-incomes buy the groceries needed to eat healthy. Eligibility depends on your household's income, size and resources. To be eligible for NJ SNAP, a single person can have a gross monthly income of \$1,986. A household size of three can have a gross monthly income of \$3,386.

You can pre-screen or apply online by visiting [www.NJHelps.org](http://www.NJHelps.org). This is a quick and easy way to find out if you might be able to get help. Screening takes about 5-10 minutes to complete and submitting an application takes about 20-45 minutes.

You can also apply in person at your County Board of Social Services. If you are unable to get to the county Board of Social Services due to illness or disability, you may send an authorized representative on your behalf or request a telephone interview.

Households in which all members are applicants for or recipients of Supplemental Security Income (SSI), may apply for NJ SNAP at the Social Security District office at the same time you apply for SSI.

## Food Assistance

### Seniors Farmers' Market Nutrition Program (SFMNP)

Administered by the NJ Department of Health's WIC program, this program provides \$20 worth of vouchers to purchase fresh, nutritious, unprepared, locally grown fruits, vegetables, herbs, and honey through farmers' markets, roadside stands and community supported agriculture programs to low-income seniors. For more information, **contact your local Area Agency on Aging.**

### Congregate or Group Meals

This service, administered by the Area Agencies on Aging (AAA) in each county, provides at least one hot nutritious meal per day, five or more days per week. These meals, along with counseling, socialization, and other services, are usually provided in locations such as senior centers, schools, or churches. The program is available to all persons age 60 or over and their spouses, regardless of age. Participants are provided with an opportunity to voluntarily contribute whatever they can afford toward the cost of these meals. Reservations are required, in most instances, 24 hours in advance.

### Home-Delivered Meals

The Area Agencies on Aging (AAA), through grantees, provide one (or sometimes more) hot meal a day at least five days per week to older persons who are homebound due to illness, incapacitating disability, or isolation. This program is federally funded and serves only persons age 60 or older. A meal may be provided to the spouse, if it is in the best interest of the homebound older person being served. This federal program has been supplemented with state legislation providing nutrition services on weekends and holidays for frail eligible participants.

A formal needs assessment is required for participation in these nutrition programs. There is no income requirement for these programs, however, financial need may be used to prioritize service participation.

## Medicare

[www.medicare.gov](http://www.medicare.gov) 1-800-Medicare (1-800-633-4227)

Medicare is the federal health insurance program for:

- ❖ People who are 65 or older
- ❖ Certain younger people with disabilities
- ❖ People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant, sometimes called ESRD)

Medicare coverage is divided into four parts: Part A, Part B, Part C and Part D. Different parts of Medicare cover different services. **See the guide on page 19 for the breakdown of coverage.** Some people get Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) automatically and other people have to sign up for it. In most cases, it depends on whether you're getting Social Security benefits. If you aren't getting benefits from Social Security or the Railroad Retirement Board at least 3 months before you turn 65, you'll need to sign up with Social Security to get Part A and Part B. Because you must pay a premium for Part B coverage, you can turn it down if you have health coverage from an employer that pays claims before Medicare. You can wait to enroll into Part B when your employment ends or your health plan ends without incurring a penalty.

While costs vary, Medicare typically pays 80 percent of the cost of covered services while you are responsible for the remaining 20 percent plus any required coinsurance or deductibles for each benefit period.

**When to apply for Medicare:** You should sign up for Medicare three months before reaching age 65, even if you are not ready to start receiving retirement benefits. During the Medicare application, you can opt out of receiving cash retirement benefits and will always have the option to apply for them later.

## Medigap

When an individual who is aged or disabled is not covered by an employer or union health care plan, it is possible to buy a supplemental policy to help bridge the gaps in original Medicare coverage. These policies are called Medigap insurance. Medigap policies must follow federal and state laws and are standardized, so you can compare them. Standardized policies cover co-payments for certain benefits. You must pay a monthly premium for Medigap policies, with cost varying based on your age and the level of the policy you purchase. To buy a Medigap policy, you must be enrolled in Medicare Part A and Medicare Part B. For a list of Medigap plans available in New Jersey, visit: [www.state.nj.us/humanservices/doas/services/ship/index.html](http://www.state.nj.us/humanservices/doas/services/ship/index.html)

## Chapter 6: Pharmaceutical Assistance

# 6

### Pharmaceutical Assistance to the Aged and Disabled (PAAD)

The Pharmaceutical Assistance to the Aged and Disabled (PAAD) program is a state-funded program that helps eligible older adults and individuals with disabilities save money on their prescription drug costs.

#### Eligibility for PAAD:

- ❖ You are a New Jersey resident;
- ❖ You are age 65 or older or between ages 18 and 64 and receiving Social Security Title II Disability benefits; and
- ❖ Your income for 2022 is less than \$38,769 if single, or less than \$45,270 if married.
- ❖ Medicare-eligible PAAD beneficiaries are also required to enroll in a Medicare Part D Prescription Drug Plan. PAAD will pay the monthly premium for certain standard basic Part D plans with a monthly premium at or below the regional benchmark. These plans will cover medically necessary prescription medications under Medicare Part D. If a beneficiary self-enrolls in an enhanced plan at or below the regional benchmark premium amount, PAAD will pay the premium as long as the plan agrees to follow all the billing requirements.
- ❖ The federal Medicare Plan and/or PAAD will pay any costs above the PAAD copayment of \$5 for each covered generic drug or \$7 for each covered brand name drug, including premiums. However, if a Medicare Part D plan does not pay for a medication because the drug is not on its formulary, PAAD beneficiaries will have to switch to a drug on their Part D plan's formulary, or their doctor will have to request an exception due to medical necessity directly to their Part D plan. Medicare Advantage participants must add a prescription benefit to their coverage, and PAAD will contribute up to the regional benchmark amount toward the prescription portion of their total premium.

## Chapter 11: Educational Resources

The Individuals with Disabilities Education Act (IDEA) guarantees children with disabilities, ages 3 to 21, the right to a free, appropriate public education delivered in the least restrictive environment. The New Jersey Department of Education, Office of Special Education provides leadership to ensure compliance with state and federal regulations and to establish standards that promote improved outcomes for students with disabilities. The New Jersey Department of Health also provides services to support children with disabilities. Below are some of the resources available.

### The New Jersey Early Intervention System (NJEIS)

Children develop at different paces, but there are developmental milestones that children should reach by certain times during the first three years of their lives. The Early Intervention Services can conduct an evaluation if your child is not meeting those developmental milestones. The NJEIS implements New Jersey's statewide system of services for infants and toddlers, birth to age three, with developmental disabilities. The cost of Early Intervention services for a child is determined by their family income. Families may receive Early Intervention Services at no cost depending on their household income.

## Child Study Teams

A Child Study team (CST) is a multidisciplinary group of professionals typically employed by the board of education to provide parents and teachers with a variety of learning related services. These services include consultative, evaluative and prescriptive services for students who are experiencing academic difficulties. A typical CST consists of a psychologist, a learning disabilities consultant, social worker and oftentimes, a speech/language therapist alongside the student's parents. Ideally, they will meet before any special education testing is conducted and will continue to meet periodically if the student requires special services.

Upon completion of the evaluation, an Individualized Education Program (IEP), with stated goals and objectives, is written with the participation of the parents. An IEP is a written document that defines the student's goals and specific accommodations, supports, and services the school will provide for a student with disabilities to help them succeed in school.

### Air Carrier Access Act

Federal law which requires airlines to accommodate the needs of passengers with disabilities. It applies to all flights in the United States and to flights to, or from, the United States by foreign airlines. Airline personnel must provide routine physical assistance but are not required to provide what would customarily be regarded as personal care assistance. However, if a passenger requires an attendant, the airline must transport the attendant free of charge. The law does not require an airline to transport an individual who may endanger the health or safety of others. The Act mandates that a Complaints Resolution Officer (CRO) be immediately available to resolve disputes between airlines and passengers with disabilities.

### Voting Accessibility for Individuals with disabilities

Requires polling places across the United States to be physically accessible to people with disabilities for federal elections or to provide an alternate means of casting a ballot on the day of the election. This law also requires states to make registration and voting aids available for voters with disabilities and those who are elderly.

## Chapter 16: Personal Care Assistant Services and Resources for Caregivers

# 16

### Personal Care Assistant Service (PCA)

PCA services are non-emergent, on-going health related tasks performed by qualified staff in an eligible NJ FamilyCare (Medicaid) member's home. The purpose of the program is to accommodate long-term/chronic or maintenance health care by providing assistance with activities of daily living and household duties essential to the individual's health and comfort. The number of hours authorized is based upon medical necessity, as determined by a nursing assessment. **To apply, contact your NJ FamilyCare Managed Care Organization (MCO). See page 15.**

### Personal Preference Program (PPP)

The PPP offers an alternate way for individuals to receive their NJ FamilyCare Personal Care Assistant (PCA) services. Using a self-directed model, this program enables eligible NJ FamilyCare recipients to direct and manage their PCA services rather than receiving traditional PCA agency services. **To enroll, contact your NJ FamilyCare Managed Care Organization (MCO) and ask to speak with a Care Manager. See page 15.**

### Managed Long Term Services and Supports (MLTSS)

The Managed Long Term Services and Supports program (MLTSS) is a New Jersey initiative intended to provide a better way to help seniors and individuals with disabilities live at home for as long as possible. MLTSS also provides access to private duty nursing services for children requiring a skilled level of care. The program is designed to coordinate support services according to a participant's needs. Participants will receive their primary, acute, behavioral, and long-term care needs through a NJ FamilyCare MCO. **MLTSS includes services such as:**

- ❖ Access to all NJ FamilyCare Plan A Benefits (see chapter 5)
- ❖ Care Management;
- ❖ Home and Vehicle Modifications;
- ❖ Home Delivered Meals;
- ❖ Respite;
- ❖ Personal Emergency Response Systems;
- ❖ Mental Health and Addiction Services;
- ❖ Assisted Living;
- ❖ Community Residential Services;
- ❖ Nursing Home Care.

The PASP is a personal care assistance program for individuals with permanent physical disabilities who are capable of directing their own services. The program provides up to 40 hours per week of routine, non-medical personal care assistance to adults ages 18 and above, who are employed, preparing for employment (attending school or other training) or engaged in volunteer work. ### Jersey Assistance for Community Caregiving (JACC)

Jersey Assistance for Community Caregiving (JACC) is a program that provides in-home services to seniors, age 60 and over, who require a nursing facility level of care but wish to remain in their homes. JACC includes an array of services designed to supplement the assistance given by the individual's existing network of family caregivers. Qualified individuals may have the opportunity to hire their own eligible family, friends, or neighbors to provide the care they need. By designing service plans uniquely tailored to the individual, JACC works to enhance the individual's community care options. JACC also strengthens the ability of caregivers to continue in their vital role as primary support providers. Services available through JACC include the following: care management, personal care assistance, caregiver relief (respite), home modifications, special medical equipment and supplies, chore services, personal emergency response system, home delivered meal services, social adult day care, and transportation. JACC has a monthly co-pay based on the participant's (and spouse's) income.

#### Individuals eligible for this program must:

- ❖ require a nursing facility level of care, but wish to remain at home
- ❖ not participate in other services that provide this type of care
- ❖ meet financial guidelines for income and assets:
  - countable monthly income that is no more than 365% of the Federal Poverty Level (\$4,134 for individuals and \$5,569 for a couple in 2022) and
  - countable resources at or below \$40,000 for an individual or \$60,000 for a couple

**For more information, visit:**

**To apply, please contact your County Aging and Disability Resource Connection (ADRC). See Appendix 3.**

## Statewide Respite Care Program

This program offers services to individuals needing care so as to provide a break (“respite”) to unpaid caregivers. Services can include adult day care, home care, companion services, campership, or a short stay in a facility. There is a caregiver directed option, which allows the caregiver to pay for and be reimbursed for services or items that make caregiving easier. There are cost shares from 0% to 25% of the cost of care.

### Individuals eligible for this program must:

- ❖ live in the community and require daily, basic care that is currently being provided by unpaid caregivers such as a spouse, family members or friends
- ❖ not participate in other services that provide this type of care
- ❖ meet financial guidelines for income and assets. There may be a co-pay based on income.

**For more information, visit:**

[www.state.nj.us/humanservices/doas/services/srcp/](http://www.state.nj.us/humanservices/doas/services/srcp/)

**To apply, please contact your county AAA/ADRC. See Appendix 3.**

## Alzheimer’s Adult Day Services Program (AADSP)

This program gives a break (respite) to unpaid caregivers who are caring for a person with Alzheimer’s disease or a related disorder, such as dementia, by subsidizing adult day care at participating day centers. The day centers provide higher staffing ratios and dementia-specific care. There are co-pays based on income.

### Individuals eligible for this program must:

- ❖ have a qualifying diagnosis that includes permanent and progressive dementia
- ❖ live in the community and require daily, basic care that is currently being provided by unpaid caregivers such as a spouse, family members or friends
- ❖ not participate in other services that provide this type of care

### Older Americans Act Funded Programs

This Division of Aging Services administers programs funded through the Older Americans Act. Services vary depending on county and consist of things like: home delivered meals, congregate nutrition programs, information and assistance, and screening for benefits. Some counties may have light home repair services or “handy man” services available. Eligibility for these programs is not based on income. Most programs are for individuals in need, age 60 and older, but some services are also available to caregivers of any age and to grandparents age 55 or older. **To learn what services your county has available, call your County AAA/ADRC. ## Chapter 18: Services for Individuals with Intellectual and Developmental Disabilities

# 18

**A developmental disability is a chronic physical or intellectual disability, or a combination thereof, that:**

- ❖ manifests before age 21;
- ❖ is permanent;
- ❖ substantially limits an individual's ability to complete activities in at least three of the following life activities:
  - self-care;
  - learning;
  - mobility;
  - communication;
  - self-direction;
  - economic self-sufficiency;
  - the ability to live independently.
- ❖ reflects the need for a combination and sequence of special interdisciplinary or generic care, treatment, or other services that are lifelong or extended and individually planned and coordinated.

### **Some Examples of developmental disabilities are:**

Down Syndrome, Cerebral Palsy, Autism Spectrum Disorders and Muscular Dystrophy. However, it's important to remember that the definition of a developmental disability is not based on diagnosis alone. It's dependent upon the age at which the disability occurred and the effect on one's long-term abilities to complete activities of daily living. Therefore, injuries to the brain or spinal cord incurred before the age of 21 may also qualify as developmental disabilities provided they are permanent and effect an individual's ability to complete day-to-day tasks in three or more areas of life activity.

**In New Jersey, services for individuals with intellectual/developmental disabilities (I/DD) are categorized into children services or adult services:**

### **Services for Children with I/DD: (Birth-age 21):**

are administered through the NJ Children's System of Care (CSOC), under the Department of Children and Families, through **PerformCare**.  
**See page 74.**

### **Services for Adults with I/DD: (21 and older):**

are administered through the **Division of Developmental Disabilities (DDD)**.  
**See page 75.**

### PerformCare

Toll-free: 1-877-652-7624 (24/7 access)

[www.performcarenj.org](http://www.performcarenj.org)

Through the New Jersey Children's System of Care (CSOC), PerformCare administers the publicly funded developmental disability service delivery system for children and youth up to age 21. PerformCare is also the single point of access to behavioral health and substance use treatment services for New Jersey youth up to the age of 21. **For more information on those services, see chapter 15.**

The service system for children with intellectual and/or developmental disabilities is designed to help families meet the needs of children with I/DDs that are not being met through school-related services, medical services reimbursable by health insurance, or by other existing supports or services. Services through this program are administered based upon level of care and the availability of funds.\*

**See more about early intervention and educational entitlement services in chapter 11.**

### Services through PerformCare include the following:

**Family Support Services (FSS):** FSS services provide caregiver relief (Respite), assistive technology, home and vehicle modifications, and assistance with summer camp during summer breaks from school.

**Connection with local Care Management Organizations (CMOs):** CMOs are agencies that provide a full range of treatment and support services to children with the most complex needs. They work with child-family teams to develop individualized service plans. The CMO's goals are to keep children in their homes, schools and communities.

**Out of Home (OOH) services and supports:** provide out-of-home treatment for youth who are not able to safely be cared for at home. If a youth or young adult (under age 21) requires OOH Treatment, PerformCare will work with the family's Care Management Organization (CMO) to identify the least restrictive type of treatment setting to best meet a child's identified needs.

**To access developmental disability services for children:** an application for developmental disability determination of eligibility must be submitted.

- ❖ For children under the age of 18 (although services are provided until age 21), the application must be submitted to PerformCare. Applications can be completed online through a secure portal or are available to download

\* Under the direction of the New Jersey Council on Developmental Disabilities (NJCDD), the Regional Family Support Planning Councils assist the Children's System of Care in the allocation of funding for family support services by making recommendations based on input they receive from families. See chapter 13 for additional information about those organizations.

## Ombudsman for Individuals with Intellectual or Developmental Disabilities And Their Families

The Office was established by the State Legislature in December 2017 to serve individuals and their families – to help make sure that they get the services and supports they need and deserve. Appointed by the Governor and housed within the Department of Treasury, the Ombudsman serves as the administration’s lead advocate and ally for New Jersey residents with intellectual or developmental disabilities of all ages and their families. The Ombudsman provides guidance and assistance for individuals and families who are having difficulty receiving the services they need and works closely with other government officials to resolve issues, to identify patterns of complaints regarding rights and services of individuals with intellectual or developmental disabilities, and to recommend strategies for improvements.

**The Stephen Komninos’ Law** was enacted on May 1, 2018 to strengthen protections for adults with developmental disabilities. The law provides additional opportunities for the Department of Human Services and service providers to advance health, safety and well-being of the individuals who receive our services. Recognizing the important role of guardians and family members in the lives of adults with developmental disabilities, the law enhances communications between providers, guardians and families, and strengthens safety and reporting practices.

### Assistive Communication Device Demonstration Center

Individuals who are deaf or experiencing hearing loss can visit our Assistive Communication Device Demonstration Center located in Hamilton, NJ. The center displays assistive communication devices and allows individuals to test equipment so they can make informed decisions prior to purchasing such devices. The devices on display include those in the Equipment Distribution Program as well as other practical devices for home and office, such as door bells, alarm clocks, video phones, amplified sound systems, and more. The Center is located at the DDHH office in Hamilton NJ. **Appointments can be made by calling 609-588-2648** or via email at: [DDHH.Communications2@dhs.nj.gov](mailto:DDHH.Communications2@dhs.nj.gov)

**For more information, please go to: [www.nj.gov/humanservices/ddhh/services/hearingaid/haaad/](http://www.nj.gov/humanservices/ddhh/services/hearingaid/haaad/)**

### Leveling the Playing Field

Families with deaf, hard of hearing, or deaf-blind children ages 0-5 can receive language acquisition and development services for the child in American Sign Language. Research shows that the first five years of life are essential for language learning. It is important for deaf and hard of hearing children to receive early language input during this critical time period. Did you know that learning ASL will not hinder a child's ability to learn spoken language? Families can use ASL in conjunction with spoken language development to ensure early language acquisition and development. DDHH will screen ASL Associate candidates and assign them to a Childcare Resource & Referral (CCR&R) center near you. Associates will work with your child up to 25 hours a week in providing a language model. **For more information, please call (609) 588-2648 or email [DDHH.communications2@dhs.nj.gov](mailto:DDHH.communications2@dhs.nj.gov)**

### Deaf and Hard of Hearing Sensitivity Training

The New Jersey Division of the Deaf and Hard of Hearing offers on-site sensitivity training that covers various topics including how to provide equal communication access in services for deaf and hard of hearing individuals. DDHH presentations are two hours in length and can be modified to fit scheduling needs. Our goal is to provide education so deaf and hard of hearing individuals have equal access to your services. DDHH trainings have benefited businesses, social services agencies, government entities, educational institutions, hospitals and many other organizations. Trainings are provided at no cost. **For more information about our training options, please email at [DDHH.communications2@dhs.nj.gov](mailto:DDHH.communications2@dhs.nj.gov)**

## Chapter 21: Veterans Services

# 21

**Veterans of the United States Armed Forces may be eligible for a range of programs and services provided by the U.S. Department of Veterans Affairs (VA). Eligibility for most VA benefits is based upon honorable discharge from active military service, while some benefits require wartime service.**

Veterans enrolled in the VA's health care system are eligible to receive health care services, personal care assistance, medications and other services. Veterans must have a service-connected disability or meet income requirements to enroll.

Veterans are also eligible for various services through the VA such as home loans, gravestone markers, funeral plots at no cost when buried at a military cemetery or reimbursement for plots purchased in other cemeteries, educational loans through the GI Bill, vocational rehabilitation and employment services, disability compensation, pensions, life insurance, and survivor's benefits.

### **Veterans Services Organizations (VSOs)**

Through a network of regional VSOs, the New Jersey Division of Military and Veterans Affairs' Bureau of Veterans Benefits provides state veterans and their dependents with information and guidance in filing claims. Trained veterans service officers also assist veterans with applying for services offered by federal, state, county or local veterans offices, such as employment, housing, education, and medical services.

#### **State Operated VSOs**

Funded by the state Department of Military and Veterans Affairs, trained service officers connect clients to state and federal services offered by the Veterans Administration. [www.nj.gov/military/veterans/services/vso/](http://www.nj.gov/military/veterans/services/vso/)

#### **Veteran Organization Operated VSOs**

These organizations have trained volunteers that operate as service officers. Because these service officers are members of various veteran organizations, they can offer first-hand knowledge of services and benefits.

# Chapter 2 | Veterans Services

## County Operated VSOs

Funded by local county governments, these offices, while similar to the state-operated VSO, can also offer services tailored to the individual county, and on a state or federal level. These VSOs can offer more of a face-to-face service with the public because they typically have more service officers on hand to assist.

## Chapter 22: Guardianship

# 22

### What is guardianship?

**Guardianship is the appointment of a person or agency by a court to exercise control over part, or all, of another individual's person and/or property.** The guardian is the person or agency appointed by a court to make personal decisions for an individual who is incapable of making some or any decisions independently. The person who lacks capacity is referred to as the "alleged incapacitated person" until a guardian is appointed by the court. Thereafter, the incapacitated person is referred to as the "individual receiving guardianship services." Many individuals with developmental disabilities are capable of making their own decisions with appropriate support and advice, and do not need a guardian.

### What types of guardianship are there?

The two types of guardianships involve guardianship of property and guardianship of a person. Many times both types are required to protect an individual receiving guardianship services, but sometimes only one type is necessary.

The guardian of the property has a duty to locate and marshal the assets of the individual receiving guardianship services. This includes all assets such as bank accounts, stocks, personal property and real estate. The guardian is required to file an initial inventory and to swear that it is accurate and complete. The assets are placed in the name of the guardian. It is the responsibility of the guardian to ensure that all assets are safeguarded and spent appropriately. Annual accountings are required to be filed with the court for review and are subject to the court's approval.

The guardianship of the person is appointed to watch over and make major life decisions for the individual receiving guardianship services until the reason for incapacity no longer exists and the court has deemed the person as capable. The guardian of the person makes decisions affecting everything from the individual receiving guardianship services' residence, visitation, medical care, socialization, travel and other areas of their life. Guardians of the person are required to file annual reports with the court to inform as to the status and well-being of the individual receiving guardianship services.

### What's the difference between full and limited guardianship?

Generally, a court will consider delegating an individual's decision-making rights in the following areas: residential, vocational, medical, financial, educational and legal.

# Chapter 22

## Guardianship

In a plenary, or full, guardianship, all of these rights are delegated to the guardian and no rights are reserved to the individual receiving guardianship services. In a limited guardianship, some delegable rights are delegated to the guardian while the individual receiving guardianship services reserves other rights.

### What is the role of the guardian?

#### All guardians are responsible for:

- ❖ Assisting the individual to participate with the guardian in the decision-making process, to the maximum extent of the individual's ability, to encourage the individual to act on their own behalf whenever able to do so;
- ❖ Encouraging the individual to develop or regain higher capacity to make decisions to the maximum extent possible in those areas in which they are in need of a guardian;
- ❖ Making decisions and giving consents on behalf of the individual, but only to the extent of the court order;
- ❖ Protecting the individual from harm;
- ❖ Looking out for the individual's interests;
- ❖ Safeguarding the individual's human and civil rights;
- ❖ Ensuring that the individual's physical, emotional and developmental needs, including education and training, are met;
- ❖ Acting consistently with a previously executed power of attorney for health care or advance directive;
- ❖ Helping the individual to obtain all available and appropriate benefits and supportive services;
- ❖ Visiting the individual not less than once every three months;
- ❖ Initiating legal action on the individual's behalf; and
- ❖ Submitting reports to the court as specified by the court.

#### A guardian is NOT responsible for:

- ❖ Providing for the individual from his or her own funds;
- ❖ Any liability to another person for acts of the individual;
- ❖ Injury to the individual from the wrongful conduct of another person providing medical or other care;
- ❖ Taking the individual into the guardian's home to live;
- ❖ Consenting to shock treatment, psychosurgery, sterilization or medical, behavioral or pharmacological research without further order of the court.

### Are there alternatives to guardianship?

Yes. In New Jersey, an individual may appoint a Power of Attorney (POA) to make decisions on their behalf. The individual with the disability must be able to understand on a basic level that they are appointing someone to make decisions on their behalf. In addition:

- ❖ A person must be able to give consent;
- ❖ A POA can cover person and/or property;
- ❖ A POA can be revoked and/or changed at any time, based on changing needs;
- ❖ A POA is significantly less costly than guardianship; and
- ❖ It is best to work through an attorney to establish POA

### Supported Decision Making

In supported decision-making, there is no court-appointed legal guardian to make decisions for a person. Instead, the individual makes his or her own decisions with the assistance and support of a trusted person or people, such as friends, family members, advocates or others. **More information about supported decision-making can be found through the National Resource Center for Supported Decision-Making at: [www.supporteddecisionmaking.org](http://www.supporteddecisionmaking.org)**

### How does one establish a guardianship?

In recent years courts have streamlined the application to facilitate families or interested parties who might seek a guardianship for an alleged person needing a guardianship on a pro se basis or self-representation in the court without an attorney. Complaints can also be filed by an attorney. To establish guardianship for an incapacitated adult, a Verified Complaint must be filed with the Surrogate's Court in the county where the alleged incapacitated person resides. The Complaint must include particular information and must be supported by affidavits of physicians or other clinical professional such as a psychologist, advance practice nurse or in certain circumstances, the child study team, as permitted by the court. based upon recent examinations of the alleged incapacitated person. Once a Complaint is filed, the court will enter an order appointing an attorney for the alleged incapacitated person and schedule a hearing. If the court determines that the person is incapacitated, then a judgment will be entered appointing guardian(s). Before the guardian(s) can act on behalf of the incapacitated person, they must appear before the County Surrogate to qualify as guardian, including by posting a bond if required.

Under the auspices of the Department of Human Services, Central Office, the Bureau of Guardianship Services (BGS) is the state entity designated to provide guardianship services to adults who are receiving functional services from the Division of Developmental Disabilities (DDD). When a person reaches the age of 18, they have full legal responsibility for themselves regardless of any disability, except, when determined necessary by the court, a guardian may be appointed to make decisions on their behalf.

#### **BGS has two statutory responsibilities:**

**First**, BGS may file a petition through the Office of the Attorney General, for the appointment of a guardian for an eligible adult in need of a guardian.

**Second**, BGS may serve as guardian of the person for a DDD eligible consumer where there is no known family or other interested party able or willing to serve as guardian of the person.

BGS does not pursue guardianships of the property- only guardianships of the person. **BGS is only able to assist individuals who receive services funded by the Division of Developmental Disabilities. Individuals must apply to DDD to receive an eligibility determination. See chapter 18.**

## Chapter 23: Service Animals

# 23

**A service animal is defined by the Americans with Disabilities Act (ADA) as a dog that has been individually trained to do work or perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person's disability.**

- ❖ Under the ADA and the New Jersey Law Against Discrimination (NJLAD), a place of public accommodation cannot refuse admittance of a service animal when it is accompanying a person with a disability.
- ❖ The ADA/NJLAD requires that places of public accommodation (which include privately-owned businesses that serve the public) allow people with disabilities to bring service animals into any area in which the public are generally allowed.
- ❖ The ADA/NJLAD does not require a service animal be certified or have special identification. Regardless of whether or not a dog has an identifying vest or special harness, a business may ask if the dog is a service animal or a pet.
- ❖ It is a violation of the ADA/NJLAD for a business to charge a cleaning or maintenance fee when a person with a disability has brought a service dog into the place of business. However, the owner of the animal has sole responsibility for its behavior and may be charged for any damages the animal causes as long as the business has a policy of charging non-disabled customers for damages that they cause. Likewise, it is not a violation of the ADA/NJLAD to exclude a service animal from a place of public accommodation if the animal behaves in a loud, threatening, or uncontrolled manner, creating a substantial disturbance or posing a direct threat to the safety of others.

## Emergency Preparedness

### Disaster Preparedness Checklist for People with Disabilities

The following list is intended to provide suggestions for disaster preparedness planning that may be taken by individuals with disabilities.

#### Self-Networks

- \_\_\_ Discuss your disability and needs with relatives and friends.
- \_\_\_ Develop a network of people who know your needs and location, who will be able to assist you or alert emergency personnel on your behalf. Do not depend on only one person.

#### Medical Equipment and Supplies

- \_\_\_ Evaluate equipment for repairs and obtain and keep spare parts.
- \_\_\_ Order the full allotment of supplies that your insurance allows, such as protective briefs, leg bags, suction tubing, hearing aid batteries, etc. Stockpile unused items.
- \_\_\_ Assemble a first aid kit. It should include: absorbent compress dressings, sterile adhesive bandages in assorted sizes, adhesive cloth tape, antibiotic ointment, antiseptic wipes, aspirin, emergency blanket, breathing barrier (with one-way valve), cold compress, latex gloves (2 pairs), hydrocortisone ointment packets, roller bandages, sterile gauze pads, oral thermometer, triangular bandages, tweezers, and an emergency first aid guide.

#### Medications and Medical Needs

- \_\_\_ Create a list of current prescriptions, names and dosages. Remember to update this list, as needed.
- \_\_\_ Keep a list of the names, addresses, and telephone numbers of doctors and pharmacists.
- \_\_\_ Prepare a detailed description of your medical regimen and personal care needs.
- \_\_\_ Order a full 30-day supply of necessary medications. Check with your insurance carrier.

## Communication

- \_\_\_\_\_ Make sure your cell phone battery and any extra batteries are kept fully charged.
- \_\_\_\_\_ Pre-arrange alternative methods to reach family, friends, or personal care attendants if ordinary communications are disrupted.
- \_\_\_\_\_ Consider keeping a notepad, portable white board, or picture boards available to facilitate communication.

## Personal Assistant Care

- \_\_\_\_\_ Consider checking into a nursing home or hospital if a disaster is anticipated. Staff will be available to meet personal care needs. Also, backup generators will be operating to assist people who use power wheelchairs and/or ventilators.
- \_\_\_\_\_ Contact your personal care attendant provider to discuss disaster preparedness and maintain a list of phone numbers of those who can assist in obtaining personal care for you.

## Food and Water

- \_\_\_\_\_ Three-day supply of water/three gallons of water per person
- \_\_\_\_\_ Keep a supply of canned, dehydrated, and no-cook foods.
- \_\_\_\_\_ Keep cases of nutrients available for tube feeding.
- \_\_\_\_\_ Keep foods for special dietary needs, such as diabetic and high caloric diets.
- \_\_\_\_\_ Pack adaptive equipment needed for eating or drinking such as large grip utensils, straws, or cup-holders.

## Service Animal

- \_\_\_\_\_ The animal always should wear an identification tag with all necessary contact information.
- \_\_\_\_\_ Keep your pet's and service animal's medical records current, including vaccination records and rabies tag number.
- \_\_\_\_\_ Your animal will need at least three days' worth of food and water, kept in sturdy storage containers. The amount of water your pet will need may vary. For example, dogs need at least 1 oz of water for each pound of body weight. Be sure to figure out how much food and water you will need for 3 days.

- \_\_\_ Familiarize yourself with emergency plans where you live, work, and in your community.
- \_\_\_ Consider staying at a hotel or with friends or family out of your area if you anticipate possible power outages, especially if you have medical equipment that is dependent upon power.
- \_\_\_ If you use a ventilator or have other complex needs that you cannot manage on your own, you may consider contacting a care facility for temporary assistance.

## Chapter 26: Traveling With A Disability

# 26

Air Carrier Access Rules lift many restrictions that formerly discriminated against passengers with disabilities, and all carriers are now required to have a Complaints Resolution Officer (CRO) immediately available to resolve disputes between carriers and passengers with disabilities. While airlines may not require passengers with disabilities to provide advance notice of their disability or intent to travel (except in some very specific circumstances), doing so may in some cases help to avoid inconvenience.

### The following is a list of suggestions for air travelers with disabilities:

#### Physical Disability

- ❖ Ask the screener for assistance with your mobility aid and carry items.
- ❖ Let the screener know your level of ability and your need for physical assistance.
- ❖ Inform the screener about any special equipment or devices that you are using and where this equipment is located on your body.
- ❖ Ensure that all bags hanging from, or carried on, your wheelchair are put on the X-ray belt.
- ❖ Ask the screener to reunite you with your carry items and assistive devices after screening.
- ❖ Request assistance with removing your shoes when additional screening is necessary.

#### Hearing Disability

- ❖ Ask the screener to write the information down or to look directly at you and repeat the information.

#### Visual Disability

- ❖ Ask the screener to explain the security process to you step by step and to let you know where the metal detector is located.
- ❖ Ask the screener to let you know when you will be going through the metal detector and when there are obstacles that you will need to avoid.
- ❖ Ask the screener to find someone to escort you through the security process.
- ❖ Ask the screener to perform a hand inspection of equipment to prevent damage and to direct you toward your gate once the screening has been completed.

# Chapter 26

## Traveling With A Disability

### Hidden Disability

- ❖ Advise screeners that you have a disability and may need some assistance, or need to move slower.
- ❖ Offer suggestions to screeners on the best way to approach you during a pat-down inspection.
- ❖ Notify the screener if you need to sit down before and/or during the screening process.

### Traveling With Medical Supplies/Devices

- ❖ Notify the screener that you are carrying medical supplies with you.
- ❖ Medications must be properly marked with a professionally printed label identifying the medication or manufacturer's name or pharmaceutical label.
- ❖ Notify screeners if you are using any surgically implanted medical device (i.e., insulin pumps, prosthetics, or artificial joints).
- ❖ Advise screeners if you are experiencing low blood sugar and are in need of medical assistance.
- ❖ Pacemaker users may wish to carry a Pacemaker Identification Card (ID).
- ❖ Crutches, canes and walkers will need to go through the X-ray machine. The screener will perform a hand inspection of your equipment if it cannot fit through the X-ray machine. You can ask for a private screening for the inspection of your prosthetic device or body brace.
- ❖ Notify screeners if you need assistance, such as a chair or someone to assist you during the inspection of your prosthetic devices or body braces.
- ❖ Tools and appliances used to put on or take off prosthetic devices must be screened.

### Traveling With Service Animals

- ❖ Carry appropriate identification. Identification may include: cards or documentation, presence of a harness or markings on the tags. Service dogs and their harnesses or vests are subject to inspection.
- ❖ Advise the screener how you and your dog can go through the metal detector as a team with the leash and/or harness. If necessary, remind the screener that you should not be separated from your dog.
- ❖ When flying with their service animal, an individual can be required to provide their air carrier with the Service Animal Behavior Health Training Form prior to the flight: [www.transportation.gov/sites/dot.gov/files/2020-12/Service Animal Health Behavior Training Form.pdf](http://www.transportation.gov/sites/dot.gov/files/2020-12/Service_Animal_Health_Behavior_Training_Form.pdf)
- ❖ If the flight is longer than eight hours, then the individual will also be required to complete and provide their air carrier with a Service Animal Relief Form: [www.transportation.gov/sites/dot.gov/files/2020-12/Service Animal Relief Form.pdf](http://www.transportation.gov/sites/dot.gov/files/2020-12/Service_Animal_Relief_Form.pdf)

## Appendix 5: Adult Protective Services

# 5 Appendix

Adult Protective Services (APS) receives reports of suspected abuse, neglect, and/or exploitation of vulnerable adults aged 18 or older who reside in the community. Reports to APS that meet state criteria will generate a thorough assessment, including a private face-to-face interview with the potentially at-risk adult, to determine if further intervention is warranted. All information generated by the investigation is confidential. A report of suspected maltreatment should be made directly to the APS office in the county in which the vulnerable adult resides. The Division of Aging Services may be contacted to help facilitate the report to APS by calling the Information and Referral toll-free number, [1-800-792-8820](tel:1-800-792-8820), or calls may be placed directly to the APS office in the individual's county of residence.
