

RUNNING START

*Info Session for the
2024-2025 School Year*

WHAT IS RUNNING START?

Running Start is an opportunity to earn **College Credit** and **High School Credit** at the same time starting **junior or senior year** of high school at a local community or technical college.

Students take college level classes to fulfill remaining high school graduation requirements, simultaneously meeting graduation requirements and earning college credit.

WHO IS ELIGIBLE?

Requirements

- Must be a high school junior or senior to participate
- Complete a placement test for English/Math or provide a transcript/SBA scores
- Must meet all program deadlines

Cost

- Local school district pays the tuition up to 21 credits (depends on EHS enrollment, see RSEVF)
- Students pay for books, class & student fees, and parking
- Running Start only funds College level courses – 100 level and above

ADVANTAGES

- **Free tuition:** Students can earn up to two years of tuition-free college credit while finishing high school
- **Advanced Coursework:** Students can take advanced courses and a greater variety of courses than those available at EHS
- **Different Education Setting:** Students with academic interests not being met at a traditional high school can often flourish in a different setting
- **Flexibility in Scheduling Classes:** Classes are available from 6:30am-10:00pm, online, weekends, etc.
- **Faster pace:** Students will typically cover the same amount of material in a quarter long course (10 weeks) as they would in a year-long high school class
- **Earn more HS credit:** Due to the quarter system, students have the option of earning more high school credit than a 7-period day at EHS allows
- **Bigger variety of classes:** The colleges offer a more extensive list of course offerings

THINGS TO CONSIDER

- **Maturity:** In addition to academic readiness, students must have the personal discipline and responsibility to handle independence and the pace of college classes. You may receive less academic support from professors
- Tuition is covered; books and fees are student's responsibility
- Transportation is the student's responsibility
- **Scheduling:** Balancing EHS's block schedule with RST schedule for part-time students can be a challenge.
- You are not guaranteed classes at RST: be intentional with planning and scheduling
- **Math placement:** for students who are currently in Geometry, it is important to know that the Algebra 2 RST equivalent is not college level, and must be paid for out of pocket
- **Starting off 4-year college ahead:** possible added pressure to declare a major quickly due to increased credits
- If you are planning on doing a sport, you will need to meet WIAA eligibility
- Yearlong commitment, including Fall, Winter and Spring quarter

THINGS TO CONSIDER

- College credit: Your RST credits may not transfer to all schools (out-of-state colleges)
- Must meet high school graduation requirements
- Books, fees and transportation costs - may be a few hundred dollars per quarter (assistance available for students on free/reduced lunch)
- Conflicting vacations
- Still an EHS Student and can participate in clubs, sports, dances, etc.
- Doing poorly harms BOTH high school and college transcripts
- Running Start students are still allowed on campus with appointment or activity
- Socialization: College is an adult environment in which there is great age diversity; students are taking classes with all other college students (not just HS students)

LOCAL RUNNING START OPTIONS

Bellevue College (BC)

- Very large campus
- Multiple AA/AS degree options
- Transfer degree is most popular
- 4-year degree offerings
- Wide range of courses available
- <https://www.bellevuecollege.edu/runningstart/>

Lake Washington Institute of Technology (LW Tech)

- Located in Kirkland
- Small campus
- Specializes in career and technical courses
- AA/BAS degree options including transfer
- More limited course offerings
- <https://www.lwtech.edu/academics/high-school/running-start/>

Central Washington University (CWU)

- Located in Sammamish
- Small campus
- Work closely with advisor
- Small class sizes
- No transfer degrees
- More limited course offerings
- <http://www.cwu.edu/sammamish/>

STEPS TO ENROLL IN RUNNING START

Step 1: Research

Research your options, review the Eastlake presentation and attend an Eastlake information session. Select your Running Start program and start enrollment process directly through the college.

Step 2: Enroll

Complete the enrollment and placement process for your chosen college. See Local Running Start Programs and Registration dates for information about each schools' requirements and process.

Step 3: Complete EHS Process

- 1) Review Eastlake High School Running Start Agreement and expectations
- 2) Review course equivalency chart for remaining graduation credits
- 3) Complete the RSEVF (directions to come!)

college.

- It is in your best interest to cover graduation requirements as soon as possible to make sure you do not miss an opportunity to take a class needed for graduation.
- Courses numbered 099 or below are not considered part of RS and will not be funded nor counted as college credit, however these courses may still count for high school credit.
- Consult with your HS counselor when choosing classes to meet your high school graduation requirements.
- If you are earning a diploma from LWSD, you are required to take these specific courses to meet state and district requirements.

Physical Education	Any PE or Dance course	Any PE or Dance course

HOW DO I SELECT COLLEGE COURSES THAT MEET MY HIGH SCHOOL GRADUATION REQUIREMENTS?

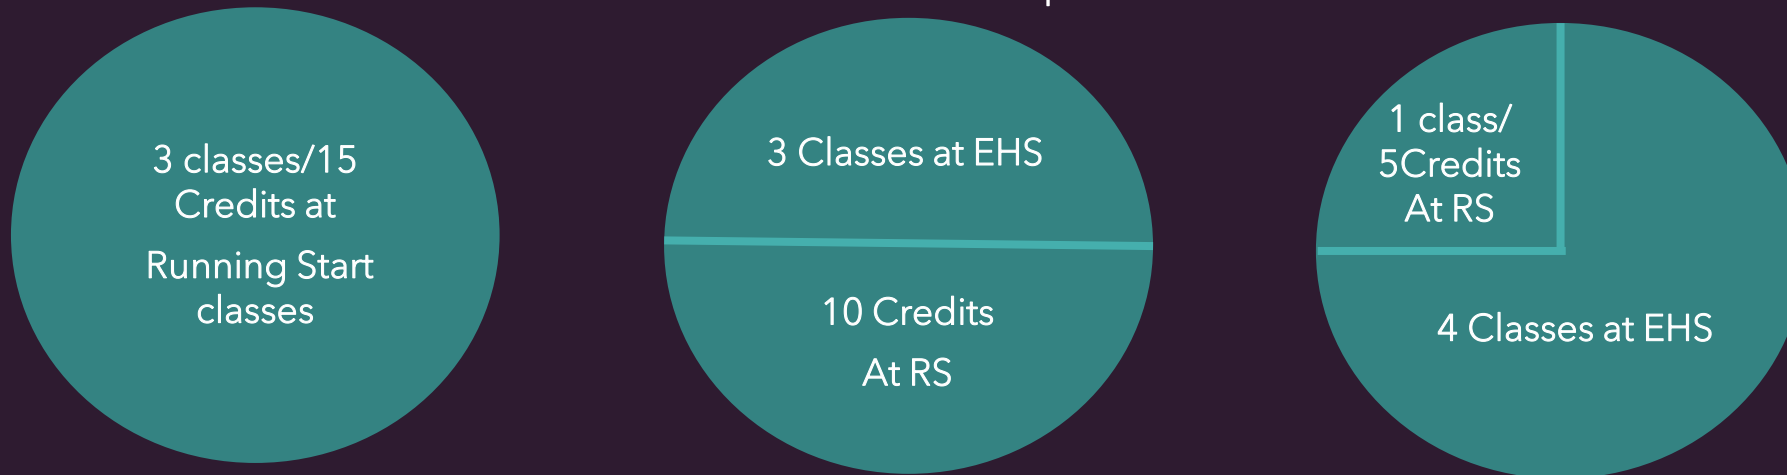

FULLTIME VS PARTTIME

Students can take a variety of combinations of enrollment between EHS and Running Start and are eligible for 21 college credits.

Things to know if you are a part time student:

- Counselors will support this balance in spring/August when schedules are created!
- Student is to decide which classes/school is the priority and then plan classes/schedule around that. EHS schedules do not change throughout the year to accommodate Running Start schedules.

Potential Enrollment Options

These schedules are only examples. You will work with your specific counselor to create your own schedule.

AP VS RUNNING START

	Running Start	AP
What is it?	<ul style="list-style-type: none"> Running Start is a program that allows 11th and 12th graders to take college courses at Washington's community and technical colleges. Students earn both high school and college credits for these courses 	<ul style="list-style-type: none"> Advanced Placement (AP) allows students to take college level courses while at Eastlake. Students earn high school credit and may or may not earn college credit at their college of based on their score from a nationally recognized end-of-course exam.
Rigor?	<ul style="list-style-type: none"> Running Start is considered college Level work desired by many college admission offices with the curriculum, rigor, grades, etc. set by the Running Start institution. Many do not prioritize one model of college-level course over another, and view Running Start, College in the High School, IB, Cambridge, and AP coursework equally for admission purposes. 	<ul style="list-style-type: none"> AP is considered college Level work desired by many college admission offices. The AP curriculum and exam grading rubric are standardized across states and countries.
College credit?	<ul style="list-style-type: none"> Student earns credit and establishes a transcript. 	<ul style="list-style-type: none"> Student may earn credit based on AP Test Score policies at schools of interest. Credit may be awarded for scores of 3+ on the AP test, with many schools requiring a 4 or 5. Check with your prospective college.
Credit best transfers to...	<ul style="list-style-type: none"> Washington state colleges Some out-of-state schools 	<ul style="list-style-type: none"> Most colleges with appropriate AP Test Scores.

It is strongly encouraged that students review the course equivalency chart and grad requirements in skyward to make sure all appropriate courses are being completed.

More details to come regarding how to notify your counselor you are wanting to do Running Start.

I understand that:

- The student is responsible for understanding when their choice of college course and credit load will result in tuition charges. If the student enrolls for more high school and college credits than are identified in the Running Start State Funding Limit Table, the student is responsible for:
 - paying all college tuition and fees associated with exceeding the college credits identified in the table; or
 - withdrawing from the excess college or high school course(s).
- The student is required to pay any class/lab fees charged for college classes.
- Enrollment in specific college classes cannot be guaranteed—even if the classes are needed to fulfill high school graduation requirements.
- To add/withdraw from a course, the student must complete the college Add/Drop process by the college deadline and notify the high school counselor.
- The student is responsible for ensuring that college courses completed as part of the Running Start program will meet high school graduation requirements.
- If the student plans to transfer, it is the student's responsibility to determine college admissions policies/deadlines and whether credits will transfer.
- After completing the college coursework, students are responsible for requesting official college transcripts through the college's registrar office.

Per the U.S. Department of Education, "If a student is attending a postsecondary institution - at any age - the rights under FERPA have transferred to the student. However, in a situation where a student is enrolled in both a high school and a postsecondary institution, the two schools may exchange information on that student. If the student is under 18, the parents still retain the rights under FERPA at the high school and may inspect and review any records sent by the postsecondary institution to the high school. Additionally, the postsecondary institution may disclose personally identifiable information from the student's education records to the parents, without the consent of the eligible student, if the student is a dependent for tax purposes under the IRS rules."

I acknowledge that I have read and understand both sides of this form, and will comply with the conditions of Running Start participation and the expectations of college course enrollment.

Student Signature (REQUIRED) _____	Date _____	Parent/Guardian Signature (REQUIRED for students under 18) _____	Date _____
------------------------------------	------------	--	------------

ATHLETICS

You are considered a non-traditional student

Enrollment in less than 1.0 FTE may make you ineligible for sports

It is the student's responsibility to submit grades at grade checks to Mrs. Hill

Only students can submit grades to the Athletic office (not parents)

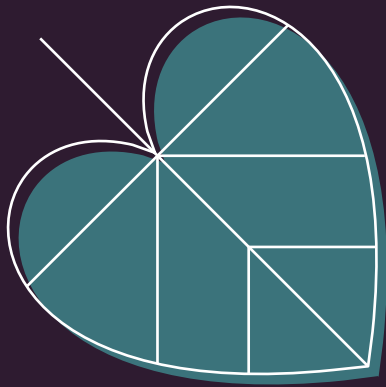

Students must work with professors to make sure grades are posted for grade checks

You must schedule your Running Start classes around your practice times

FOR THE FUTURE...

- Counselors only need to be made aware of your intent to do Running Start AFTER you've completed the steps to enroll in the college.
- It is up to YOU to communicate with your Eastlake Counselor and College Professors, NOT your parents.
- Dropping out of Running Start mid-year can impact your graduation status
- Running Start students are REQUIRED to check their EHS student email

SUMMER RUNNING START

Summer Running Start is a new offering—below is information sent directly from the colleges.

- Summer Running Start will be available to rising juniors (between 10th and 11th grade), rising seniors (between 11th and 12th grade), and non-graduating seniors.
- Students can take up to 10 credits in the summer quarter, with rising juniors eligible for 10 credits and other students eligible for the remaining FTE for the year (up to 10 credits).
- Application materials and admission requirements are available on each colleges' website.

ENROLLMENT DATES

	<u>Bellevue College</u>	<u>CWU</u>	<u>LW Tech</u>
Fall Registration Dates	Fall 2024 Quarter New Students please complete all the enrollment steps on the BC website. New students will receive their Running Start Fall Quarter Admissions Steps email starting the week of March 4, 2024.	Fall 2024 applications will be accepted from February 1, 2024 - September 18, 2024 . Visit the CWU website here .	Enrollment is open! Attend a Running Start information session. Here are dates/time and how to sign up.
Summer Registration Dates	Deadline: June 10, 2024. All steps must be completed to start class in July. New Students please complete all the enrollment steps on the BC website. Summer quarter new students will receive their Running Start Fall Quarter Admissions Steps email starting the week of March 4, 2024 . Summer enrollment Information can be found here .	Registration for summer quarter will open on April 29 . The deadline for summer applications is May 1st. Registration for fall quarter will open on May 6. The deadline for fall applications is September 18, but students are encouraged to apply early and enroll in May.	Registration for summer courses opens May 7 th for current RS students and May 9 th for new RS students. Summer quarter starts July 5, 2024 Questions regarding enrollment contact: running.start@lwtech.edu
